

### Amendment to the Specification

Amend the section entitled "RELATED U.S. PATENT AND APPLICATION DATA" to read as follows:

This application claims priority of U.S. Pat. No. 6,695,967 entitled "Reaction Bonded Alumina Filter and Support", and U.S. patent applications "Membrane Devices Using Reaction Bonded Monolith Supports", filed Oct. 14, 2003 and "Reaction Bonded Porous Magnesia Body", filed Feb. 11, 2004, all assigned to CeraMem Corporation, the present Applicant, and included herein by reference.
